

Aerol Co.

Purchase Order Terms and Conditions

The following General Terms and Conditions (GTC) and Quality Requirements (QR) affect all Aerol Purchase Orders and Contracts, as applicable.

GTC 1	Right of Entry Aerol and their customers, and applicable regulatory agencies will have the right to enter the seller's facility upon request when required, to perform inspection or ensure compliance to the contract.
GTC 2	Amendments to this purchase order, or Aerol's terms and conditions shall be set forth in writing, via purchase order change notice, and/or revisions to the purchase order terms and conditions. Aerol will consider seller's request to modification of, or exception to, only if such request is made in writing, prior to the acceptance of the order (ref: acceptance clause)
GTC 3	Suppliers agree to be compliant to a minimum of either ISO 9001 or AS9100 or must have a final inspection and calibration process to verify/meet the PO requirements., as applicable. Quality system / Program Requirements AS9100 or ISO 9001 Calibration system ISO 10012-1 or ANSI Z 540-1
GTC 4	Shipment of goods and services under this order shall be f.o.b. as set forth on the purchase order. Seller shall follow buyer's instructions regarding method of shipment, except where buyer has so stated on the purchase order.
GTC 5	Schedule for delivery will be the responsibility of the seller. The seller shall not be held liable for damages in respect to delivery delay due to causes beyond seller's reasonable control. However, if the seller does not meet the delivery date as depicted on the purchase order, the buyer may approve a revised delivery schedule, or terminate the order without liability for such termination.
GTC 6	Hazardous Material Seller agrees to furnish the applicable Material Safety Data Sheet(s) (MSDS) with each shipment, for products designated by industry, state, or federal agencies as hazardous material.
GTC 7	Packaging and Protection of the product shipped shall be in accordance with Aerol's purchase order or best practice to protect product from damage and/or deterioration.
GTC 8	Cancellation shall remain the right of the buyer and may be initiated at any time.
GTC 9	Identification and Traceability shall be applied and maintained by seller for all product/material shipped under this purchase order/contract in accordance with the applicable material/process specification and sellers quality system.
GTC 10	All drawings accompanying the purchase order are proprietary and are not to be transferred to other parties without written authorization. All parts will be built to enclosed prints and instructions
GTC 11	Certification of Conformance Each shipment shall be accompanied by a dated certification signed by a responsible representative of the supplier, stating that the items were processed or provided (i.e, material) in conformance with the purchase order requirements, engineering drawing, revision and specification requirements including as a minimum the supplier name, purchase order, number, part number, quantities accepted/rejected, as appropriate. Additional quality requirements apply when referenced on the purchase order
GTC 12	Quality Assurance The supplier shall comply with the Aerol Corp. Quality System requirements as specified by the purchase order. Supplier agrees to implement and maintain the Quality and Inspection System during the performance of the contract. Suppliers shall furnish a complete Certification of Conformance with each shipment P.O.
GTC 13	Non-Conforming Product The supplier shall notify Aerol of any non-conforming product, out of tolerance or in an unacceptable condition. The supplier is not authorized to perform Material Review action of nonconforming material.
GTC 14	Transfer of Work Aerol to be notified if work is to be transferred to another facility, changes to processes, products, services or location of manufacture.
GTC 15	Where applicable, only qualified/certified personnel shall be used based on process specification requirements. Records shall be maintained of the personnel qualifications/certifications.
GTC 16	Approved Vendors – Aerol maintains an approved vendor list (AVL). These vendors are qualified by audit results and subject to continuing performance measurements based on conformance to requirement and delivery performance. Late shipments or shipment of discrepant materials will affect a vendor's approval rating and may cause disqualification.
GTC 17	Acceptance and Test Reports Include with each shipment a copy, signed by an authorized agent of the seller, with results of the lot or item acceptance tests required by the applicable specification. The report shall indicate the actual values obtained. Test reports shall include control identity (e.g. job number, lot, serial number, etc.) of material/item tested. Seller is required to maintain inspection and test records for

Aerol Co.

	seven (7) years or as required by contract/purchase order.
GTC 18	Age Control and Limited Life Products Seller records for control/ life limited products shall reflect useful life and when useful life will expire.
GTC 19	The supplier shall retain their records and certificates of conformance of processes for a minimum of seven (7) years, unless otherwise indicated.
GTC 20	Supplier must flow down Aerol's Quality requirements to sub-tier contractors.
GTC 21	ITAR When required and so noted on the purchase order, the product shall be processed under the ITAR requirements.
GTC 22	Counterfeit Parts – Supplier shall prevent the use of counterfeit parts
GTC 23	Ethical Behavior – Supplier shall ensure persons are aware of their contribution to product/service conformity, product safety and the importance of ethical behavior.
QR 1	The supplier shall perform and document a complete First Article Inspection Report (FAIR) including 100 % of B/P or specification requirements. One copy of supplier FAIR will be furnished to Aerol along with the first shipment for this purchase order/contract.
QR 2	The supplier shall provide an Inspection Report (IR) identifying requirements and actuals. One copy of the IR shall be furnished to Aerol representing each lot.
QR 3	The supplier shall perform 100% inspection . A record of the inspection results shall be provided to Aerol, sampling inspection is not allowed.
QR 4	Government Source Inspection is required at supplier facility prior to shipment. Supplier shall contact Aerol and applicable Government Representative to arrange for Government acceptance prior to shipment from supplier facility.
QR 5	Physical or Chemical Analysis test reports which list actual chemical, mechanical values which state conformance to applicable material specifications shall be submitted on each shipment.
QR 6	Raw Material shall be accompanied with C of C's, chemical and / or physical test results. The seller shall certify to the specific requirements defined on the face of the purchase order. Each shipment shall be accompanied by a dated certification signed by a responsible representative of the supplier, stating that the items were produced from materials which the supplier has available for examination and objective evidence of conformance to the purchase order and applicable specification shall be listed, including the revision and date.
QR 7	DFAR – Furnish DFAR Compliance (252.225.7014) Certificate
